COST: \$10 in advance (purchase by 4/10/20)
\$20 at the door

REFRESHMENTS PROVIDED.

HARFORD COMMUNITY COLLEGE AND TOWSON UNIVERSITY IN NORTHEASTERN MARYLAND ARE VERY PROUD TO HOST THE FOURTH ANNUAL MID-ATLANTIC UNDERGRADUATE PSYCHOLOGY CONFERENCE IN MARYLAND.

MAUPC is an undergraduate psychology conference that provides undergraduate and associate level students with an opportunity to present their research in front of faculty and peers in a non-intimidating yet professional environment. Attendees will also see what their peers are doing as they advance their learning and gain conference experience. This opportunity will help provide experience and knowledge necessary to advance in the field of psychology. In previous years, there were over 85 undergraduates from the tri-state area in attendance with over 20 students presenting their work.

TYPES OF PRESENTATIONS

ORAL PRESENTATIONS: Students may submit abstracts for 10-minute oral presentations (with an electronic visual aid) that must follow the APA format. There will be two presentation styles:

Research proposal—including rationale based on literature review, hypothesis, proposed methods of research, and references

Completed research—including rationale based on literature review, hypothesis, methods of research, completed research results, analysis, discussion, and references

POSTERS: The number of posters will be limited to 15; selection will be very competitive. If your poster is accepted, you are expected to have your poster on display for the entire day and be available to present/discuss the poster from 8:30-9:30 AM. *Posters should be tri-fold.*

PROJECTS: Students may submit a proposal to present a project they have completed related to psychology. This may include co-op or internship experiences or a non-research related learning opportunity. Presentations will be 10 minutes and should include some type of visual display (PowerPoint, model).

Presentation awards in all categories.

SUBMISSION CRITERIA

1. Your abstract must be received by April 1, 2020 at 5 PM. Visit harford.edu/maupc to submit abstracts and/or proposals.
2. The maximum word count for abstracts, both poster and presentation, is 300; abstracts that exceed this limit will not be considered.
3. If your abstract is selected and you confirm the selection, you are expected to register for the conference and present your project(s) in person. In the event that you cannot attend the conference, you are required to arrange for a substitute presenter (this could be one of your peers or your professor).
