THE STUDENT ASSISTANCE PROGRAM (SAP) **bhs**[★]

The Student Assistance Program (SAP) provides in-the-moment support to help students navigate the everyday challenges that can interfere with the ability to learn and thrive.

Manage Life's Changes

Harford Community College is committed to the health and well-being of our students. We realize that everyone encounters challenges or difficulties from time to time, whether personal, family or school-related. That is why we have partnered with BHS to deliver a program designed to help you effectively manage life's challenges

Everyone experiences occasional difficulties.

Harford's SAP services are a free College sponsored benefit that provide you with an easily accessible, safe and highly confidential means to assist with any of life's challenges and personal problems that may interfere with school, work or family responsibilities. You will have access to confidential assistance to manage life's challenges and stay happy, healthy and safe while in college.

What Happens When I Call the SAP?

Accessing services is confidential, safe and easy.

Contact BHS by calling **800.327.2251** and you will be immediately connected to a BHS Care Coordinator; a master's-level clinician is ready to assist you. The Care Coordinator will listen to you, assist with any emergencies, assess the problem, and connect you to the appropriate resources. The Care Coordinator then becomes your personal point of contact and will keep in touch to ensure you are satisfied with all services provided.
